

Building Trust Being More Transparent

Take a few moments to capture your thoughts

What do you want to be known for?

What do you want your business to be known for?

What can you say to reinforce these ideas?

What will help you be more transparent + honest?

What will you say Yes to?

What is appealing?

What do you want to be doing more of?

What will you say No to?

What won't work for you?

What do you want to do you want to avoid?

What do you need to do next to be ready to speak up?
